"A smarter way to shop"

Illustration
Customer and business owner who are brought together by Prezzo.it.

I would suggest we work with your illustrator to get this graphical work done.

I would collaborate with him on on crafting it to work on the web, especially on mobile devices.

Transition
A break down of how easy it is to use this service. 1-2-3

Benefits
Dialog around the machine learning, user preferences and behaviors
I think we can get this to fall off the side of the viewport

Illustration
Low-fi mobile phone showing results popped out.

Specials
This area can have a dissolve to a few specials.

Blog posts
Showing two rows, but really can be any amount we want
